OUR MISSION

A Place for "ALL" Preschoolers

Special Kare is a morning preschool which is inclusive for all preschoolers. Inclusive means that we welcome typically developing preschoolers along with special needs preschoolers to participate successfully.

Our goals include:

- providing your preschooler with quality learning and play environments daily during the morning hours when preschoolers are able to give their most intense time to learning
- providing a quality play-time with peers
- allowing special needs kids to experience preschool successfully with their peer groups
- giving everyone a place to claim as their own
